Election of Species

In reference to your communication dated 6/29/2005 I elected for examination Page 2 paragraph 2, Option II Claims 9-13, drawn to a method and system for controlling infectious diseases as set forth in independent claim 9, classified in class 424, subclass 9.1+. In response to your communication dated September 29th, 2005.

I have elected the species of hydrophobic active agent such as antiviral agent as set forth in claim 10; a hydrophilic active agent such as a cytokine as set forth in claim 12; tissue specific peptide such as an antibody as set forth in claim 12; therapeutically active agent such as a vaccine as set forth in claims 9 and 12; targeted cells using a nucleoside such as set forth in claims 9 and 12; infectious disease such as viral disease as set forth in claims 10 and 13.

Thanks in anticipation.

Yours truly,

Dr Philip C. Njemanze MD
